Dear Howard:

In your letter of September 29, 2006, you requested an open and public hearing in the above referenced matter. I am writing to request that you provide me the precise details that you propose for this open and public hearing.

In addition to the issues we discussed yesterday on the telephone, I set forth a few issues that would need to be addressed in my letter to the American Arbitration Association of October 17, 2006. With that letter as a guide but obviously not exhaustive of all of the issues, please provide me a detailed proposal of what you are requesting in this regard so that I can fully evaluate your request.

Your letter of October 17, 2006, indicates that the arbitrators will have to consider certain issues concerning your proposal and I do not disagree; however, as you know, this process runs more smoothly when the parties are able to reach agreements prior to seeking agreement/confirmation from the arbitration panel.

I look forward to your response setting out the specifics of your proposal.

Sincerely,

Travis T. Fygart
